

Promise Scholar Community Service Log

To maintain eligibility for the PACE, Palomar & CTE Promise programs, every scholar must complete a minimum of 20 hours each year. Your self-reported community service hours are tracked by our staff annually beginning July 1st 2018 through May 24th 2019. A minimum of 10 hours must be completed specifically through TSMP sponsored events or within one of our SMUSD Schools. The other 10 hours must be completed throughout our local community.

To assist you in completing this requirement, *The San Marcos Promise* offers a variety of community service opportunities throughout the year designed to build a culture of “giving back” to SMUSD students, schools, and community. If you do not complete and report your annual community service hours to our TSMP offices prior to May 24th 2019, your Promise scholarship for the fall 2019 term will not be awarded and you will be disqualified from the program.
